

## PRINTING WORDS LEVEL 3: DOWNLOAD SET PREVIEW

When to use these worksheets:

1. The first 7 worksheets can be used once your students have learned the 26 single letter graphemes, or single letter sounds, and the double letter sounds from level 2 of Printing Words as well as 'or', 'ir', 'ow' (cow) and 'oy' and are able to blend and segment the sounds then they are ready to complete the worksheets. For the next 7 worksheets students need to learn these additional 4 double letter sounds 'oa', 'ow' (window), 'ay' and 'ai'. It is presumed that some of the vocabulary will be pre-taught using pictures, games and songs. The numbering gives a recommended order to the worksheets though teachers can change the order if desired. If you are following the curriculum of New Finding Out, then use level 3 worksheets from unit 14 onwards.
2. Worksheets can be done in class or given as homework.

Basic purposes of the worksheets:

1. To help students gain correct letter formation, to keep the text at a reasonable size and position and to become more aware of ascenders and descenders.
2. To review and consolidate phonics, vocabulary, spelling, decoding and reading skills.
3. To learn some basic reading comprehension skills by reference to sentence content and pictures.
4. To learn about sentence formation and punctuation.

Printing:

1. The worksheets have been design to print at A4 size. To print 'letter' use the "scale to size" function.
2. To print monochrome try printing "grayscale".

Contains:

1. 14 full color worksheets, 8 Printing Words, 2 Word Search/Crossword and 4 Word Shapes/Criss Cross worksheets.
2. 64 decodable sentences and 64 keywords with graphics.
3. Built in review.

The original "Printing Words" (B & W versions) are available on the digital data disk BAH 2 for further information and details please contact David Lisgo at:
